## EPX5500 Leeb Hardness Tester

**EXP5500** is a small, light and portable tester. It is most suitable for testing of heavy, big or outdoor metal parts. It can measure in any direction, is easy to be used, and is accurate on curved test surfaces. It can especially automatically compensate for the effect of weight as per the test directions.

**EXP5500** uses wireless IR to communicate with printer, operates with touch screen and test data could be linked into PC.

### Technical Parameters

HL display range	170~960HLD
Repeatability	6HLD
Testing direction	All direction
Display	3.9inch 240*320(with touch screen), Bright and clear LCD display with back light
Operating voltage	3.7V (rechargeable lithium battery)
Charging power supply	DC5.5V/1A
Printer	Mini thermal printer with IrDA (Cable no need)
Operating environment	Temperature : -20°C~+50°C
	Humidity:20%~85%
Storage environment	Temperature : -30°C~+70°C
	Humidity:5%~95%
Dimensions	135mm*83mm*24mm
Weight	
Accessories	Display Unit, Impact Device D, Test Block, Mini-printer, Charger, Little Support Ring, Cleaning Brush, Printer Cable
Certificate	CE
